San Diego City and San Joaquin County For La Follette
—Clark Beats Wilson

SAN FRANCISCO, May 15.—The latest returns from the presidential preference primaries, this afternoon indicate that Theodore Roosevelt will have practically 70,000 plurality in the state and a majority over both Taft and La Follette.

Returns from 2321 precincts in the state out of a total of 3700, give Roosevelt 104,268, Taft, 56,492; La Follette, 33,967; Clark, 29,683; Wilson, 13,314.

San Francisco gives Roosevelt, 19,764; Taft, 16,523; La Follette, 8687; Clark, 6766; Wilson, 2928.

Gov. Johnson Congratulated

SAN FRANCISCO, May 15.—Hundreds of telegrams are flooding California, from the east pouring upon Governor Johnson congratulations for yesterday's victory. Senator Dixon, Roosevelt's campaign manager, wired his congratulations. He predicts Roosevelt will be nominated and then elected by the greatest majority in the nation's history.

THEODORE ROOSEVELT
Nomination Is
Made Certain
By California

KENTON, O., May 15.—Based on his claim on his sweeping California victory, Col. Roosevelt today asserted that he already has a majority of the delegates to the Chicago Republican convention, and that Taft can not be nominated. Roosevelt said: "I find the reactionary papers here have announced President Taft already has sufficient delegates to be nominated. We heard this morning that California had already gone our way. Of the uncontested delegates elected we already have a majority. On the present showing it would be impossible to nominate President Taft except by an unfair and improper seating of delegates. I want to see Ohio go as California has gone."

Los Angeles, May 15.—Tarred and feathered by San Diego vigilantes Ben Reitman, manager for Emma Goldman, was walking toward Ocean-side to get a train to Los Angeles, according to a telephone message to Emma Goldman here this morning. Emma Goldman arrived here early, having fled from San Diego after a demonstration around the U. S. Grant Hotel last night. Miss Goldman declares that Reitman on the telephone declared he had been kidnaped, tarred and feathered and branded with the letters I. W. W., traced in tar by a lighted cigar. She was unable to state whether the flesh was or was not burned.

Upon her arrival here this morning Miss Goldman said: "Last night at the U. S. Grant Hotel in San Diego, the manager told me the chief of police wished to see me in the office. Reitman accompanied me down stairs. I was told the manager was waiting in an adjoining room. They would not permit Reitman to accompany me there. Instinctively knew something was impending. When I emerged from the conference with the chief ten minutes later, Reitman was gone. They assured me he was safe. At 2 o'clock this morning Manager Holmes of the hotel came to my apartments and requested me to leave the hotel, saying he had been threatened if he permitted me to remain. Holmes had been kind, and I did not want to make trouble for him, so I got an automobile and started for the train. Ten minutes after boarding the sleeper, six automobiles loaded with men came to the depot. They made much noise, but did not invade the car. Reitman telephoned me this morning and told of his experiences. He will come directly here if he gets the train at Ocean-side."

LOS ANGELES, May 15.—At 2 o'clock this afternoon a committee of I. W. W. started for Santa Ana to meet Ben Reitman, Emma Goldman's manager. They will meet the train that reaches Santa Ana at 3:38 o'clock, and a demonstration of some kind was looked for. Reitman was tarred and feathered last night at San Diego and started on a walk to Ocean-side to catch a train for Los Angeles.

LOS ANGELES, May 15.—Tarred and feathered by San Diego vigilantes Ben Reitman, manager for Emma Goldman, was walking toward Ocean-side to get a train to Los Angeles, according to a telephone message to Emma Goldman here this morning. Emma Goldman arrived here early, having fled from San Diego after a demonstration around the U. S. Grant Hotel last night. MEN AND WOMEN JOINED IN
DEMONSTRATION LAST NIGHT

SAN DIEGO, May 15.—Emma Goldman, noted anarchist, did not carry out her threats to speak in San Diego last night. Instead she remained hidden in her rooms in the U. S. Grant Hotel with her manager, Dr. Ben L. Reitman, while an angry mob of two thousand men and women surrounded the hotel, jeered and hooted and called upon the management to drive the woman from the house and from the city.

Every detective and policeman in the city was called for duty to protect her and her associate.

Scared For First Time

For the first time in her life, so she said, Emma Goldman felt fear for her personal safety, in San Diego last night.

Dr. Reitman, who entered San Diego yesterday afternoon with an air of defiance, was plainly frightened last night. He refused to allow visitors to be sent to his room, remaining in hiding until the crowd began to disperse and then began preparations for leaving San Diego with Emma Goldman. It is not known how they got away from the hotel or when they left, but they were scheduled to get out of the city shortly after 2 o'clock this morning.

ENGLISH WOMAN EXILED

WARSAW, May 15.—It has been ascertained that, in addition to the sentence of four years' penal servitude imposed on Miss Malecka, the English woman recently found guilty of "belonging" to an illegal Polish society, she also has been condemned to exile for life in Siberia. The English newspaper will take the matter up to the foreign office in London.

Body Guard Found Master—
Prince Christian Overcome by
Father's Death

HAMBURG, May 15.—It became known here today that King Frederick the Eighth of Denmark, who died last night, dropped dead in the street. His unidentified body, clad in an ordinary business suit, lay until 9 o'clock this morning on a slab in the morgue with other dead bodies. Found by persons dispatched by the queen to search for the king when he failed to return to the hotel after starting on a promenade.

The authorities endeavored to suppress the news of the manner of the death of the king, who was here, accompanied by the royal family, in an attempt to recover from a recent attack of pneumonia. When a member of his body guard arrived at the morgue, pulled back the sheet and viewed the features of the king, he doffed his hat and cried, "The King is dead, long live the king."

PRINCE CHRISTIAN WAS
NEAR COLLAPSE AT NEWS
OF FATHER'S SAD DEATH

COPENHAGEN, May 15.—Prince Christian, who becomes King Christian Ninth, is deeply affected by the death of his father. He was riding the streets which were decorated for the king's expected return, when a mounted courier dashed up, saluted and cried, "The King is dead, long live the King!" Startled by the news, Prince Christian was near a collapse, and had to be helped to the palace.

DOWAGER QUEEN ALEXANDRA
AND DOWAGER EMPRESS OF
RUSSIA SHARE IN GRIEF

LONDON, May 15.—King George and Queen Mary spent the day at Marlborough Palace consoling Queen Dowager Alexandra, sister of King Frederick of Denmark. Queen Alexandra will attend the funeral at Copenhagen. The Dowager Empress of Russia, another sister, was also at Marlborough Palace.

FREDERICK'S REIGN OVER
DENMARK WAS BRIEF

HAMBURG, May 15.—King Frederick VIII, who succeeded his father, Christian IX, on the throne of Denmark on January 29, 1906, died here suddenly last night. He has been ill for several months and was on his way home from Riviera. He was the brother of Queen Alexandra of England and King George of Greece. He was the father of King Haakon of Norway. He was born in 1843.

A strange thing was that his second son, Haakon, became king a year before his father. Haakon was selected king of Norway in 1905 while his father did not become king of Denmark until 1906.

Frederick VIII, the eldest son of King Christian IX, was born at Copenhagen on June 3, 1843. When he was crown prince he took part in the war against Austria and Prussia. Subsequently he assisted his father in the government. He became king on Christian's death in January, 1906. King Frederick was married in 1869 to Louise, a daughter of Charles XV, king of Sweden. They have four sons and four daughters. Crown Prince Christian, who will be born in 1879, was married in 1898 to Alexandra, the daughter of Frederick Francis III, grand duke of Mecklenburg-Schwerin. King Frederick's second son, Charles, married his cousin, Maud, the daughter of Edward VII of Great Britain, and became king of Norway as Haakon in 1905.

Executor and Attorney of Estate to Make Business Trip to San Francisco

D. N. Kelly, executor of the estate of Mrs. C. M. Conn, and Attorney H. J. Forgy, attorney for the estate, leave today for San Francisco on business in connection with the estate, which is valued at about \$180,000.

In the estate are stocks and bonds of a probable value of \$100,000 in the hands of Lillenthal & Company of San Francisco. The executor and attorney will check over these properties and make arrangements for their handling in San Francisco. Kelly will be gone probably for a week.

Mrs. Conn, who died recently, in her will provided legacies for a number of friends.

YOUR GRAY HAIRS QUICKLY VANISH

A Harmless Remedy, Made from Garden Sage, Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs, which, unfortunately, are looked upon as heralds of advancing age. Gray hairs, however, are not always an indication of advancing age, for many people have gray hairs quite early in life. Of course, it is unnatural and indicates that there is something wrong with the individual, and that Nature needs assistance in correcting the trouble. The same is true of hair that is constantly falling out and becoming thinner every day. If everything is right with Nature, the hair, even in comparatively elderly people, should be long, thick and glossy, without even a streak of gray.

The ideal assistant to Nature in restoring and preserving the hair is Wyeth's Sage and Sulphur Hair Remedy, a clean and wholesome dressing for daily use. It not only removes dandruff, but strengthens weak, thin and falling hair and promotes its growth. A few applications will restore faded or gray hair to its natural color.

Get a bottle to-day, and let it do for you what it has done for thousands of others.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

37 YEARS AGO!

—Santa Ana 37 years ago was composed of one Blacksmith Shop, one Jew Store, one General Store, one Livery Stable, Postoffice, Saloon, Dance Hall, Millinery Shop, two or three churches, a few residences, a few ranchers on the outskirts, sand and cactus north and east, willows and water west and south. Now look at us. Too numerous to mention. Of course we lost the saloon since then, but a few Blind Pigs and speak easies are a substitute. But let us continue. COMMITTEES IN EARNEST

Would Adopt Some Method of Showing P. E. That They Mean What They Say

As a result of a meeting of the committees of the Merchants & Manufacturers Association, Chamber of Commerce and Board of City Trustees there was adopted a resolution to the effect that there should be adopted some forcible method of calling the attention of the Pacific Electric to the fact that more consideration should be given to Santa Ana requests of the P. E.

The committees met in the office of Frank Ey, president of the Board of City Trustees. The Chamber of Commerce committee reported that it had interviewed P. E. officials in Los Angeles in regard to securing the completion of the double track on the Santa Ana line between Buaro and Benedict and in regard to securing a longer stay of Triangle Trolley Trip excursions in Santa Ana. The officials stated that they would look the latter matter up. In regard to the double track, the statement was not satisfactory to the committee, inasmuch as nothing definite was secured in reply. The committee was told that that matter was one of perhaps 200 others put up to the P. E., and it could not be told when it would be accomplished.

GENERAL BIENNIAL CLUB FEDERATION AT SAN FRANCISCO

Women Introduce Subjects on Civic, and General Health Improvements

The program for the biennial meeting of the General Federation of Women's Clubs to be held in San Francisco from June 25 to July 5, demonstrates the ability and civic interest of club women. Topics on education, civic and public health are prominent on the program, which is as follows:

Morning Meetings

Morning meetings of the convention will be devoted to the reports of officers, chairmen of standing committees, revision, discussion of the president's recommendations, reports of nominating committee and new and unfinished business. Then will follow reports by the chairmen whom they have selected to tell of work accomplished, and of plans for future work.

Many of the speakers at these morning sessions will be persons of national reputation.

The afternoon will be devoted to conferences under the direction of the chairmen of departments. Two conferences will be held each afternoon, to which all club women are invited.

The biennial program proper begins Wednesday morning, June 26, with the president's report, committee reports and department of education, Mrs. O. Shepard Barnum, chairman.

Thursday morning, June 27—Civil service, Mrs. Imogen B. Oakley, chairman; civics, Mrs. George Zimmerman, chairman.

FULLERTON WILL GO AFTER WEEDS

Energetic Method of Doing Away With Unsightly Lots is Adopted

Fullerton Tribune.—The "clean-up" slogan has been adopted by the board of city trustees and owners of property are to be given notice to that effect.

Unless the property owners cut the weeds on their frontage and clear away the rubbish within a reasonable time the city will order the work done and charge the cost to the property.

Both from a standpoint of appearance and sanitation the board believes that this move is desirable, and it is expected that property owners will fall in line to aid the general clean-up.

Many towns and cities in Southern California have named a "clean-up day" on which everybody will be doing it. Everybody in Fullerton is expected to be busy doing it now until the unsightly weeds and rubbish are reduced to the vanishing point.

The trustees are moving cautiously in the matter of sewers. In regard to the waterworks, Richman and Marks were appointed Monday night as committee to confer with Mr. McDermott pertaining to the option for a site on the hill for a reservoir.

Good Roads

The good roads commission, of which not much has been heard lately, has been notified to meet with the city trustees Monday night and make a report. The city will be ready to begin work within a short time on the good roads.

Ordinance 113 was passed granting a franchise for a pipe line to the Anaheim Union Water company. The company will be required to pay a franchise tax of 2 per cent of the gross receipts obtained from the use and operation of the pipe line to the city.

J. P. desGranges was reappointed city electrician. An ordinance was passed which changes the sums of the bonds required for city officers.

OUR BOARD OF SUPERVISORS IS UP AGAINST BRIDGE QUESTION

The Board of Supervisors of this year have adopted two sets of plans for the big Fifth street bridge across the Santa Ana. One set is for a bridge of the "girder type," furnished by Maybury & Parker. The other set provides for an arch bridge, furnished by the Young Construction Co., of Los Angeles. Bids have been called for on both of these types of bridge, and evidently the idea of the supervisors is to accept the lowest and best bid.

Of course the big question involved is—which type of bridge is the better? The "girder" bridge requires more piers than the "arch" bridge, and consequently there would not be as free a passage for water and floating debris under such a bridge as there would be under a bridge of the "arch" type, with fewer piers.

On this point Ventura county is having some experience in the investigation and controversial stage. This is from the Ventura Free Press: "All Bridges Are Rejected for Ventura River Bridge."

The Board of Supervisors today rejected all bids for the construction of the bridge across the Ventura river, there having been no bids made on any but concrete girder bridge with sixty-foot spans. Specifications were ordered prepared, with new plans, for a concrete arch bridge to be designed to be built for under \$50,000.

"These plans are to be prepared by Deputy County Surveyor Pettit, and will be ready for presentation to the Board by the first of June. At the same time, plans and specifications for a steel girder bridge will be prepared and submitted, and both kinds of structures will be considered and bids asked for to build both. This is designed to make sure that the Board will have before it plans and bids for a bridge so that one kind or the other can be built to open the Rincon Road

remaining to them."

"The concrete girder bridge, bids for which were rejected today, only provides for sixty foot spans between the piers, and on the showing made City Surveyor Waud made the objection that there was not sufficient clearance to make the bridge safe to carry the water of the river in flood time. On the invitation of the Supervisors, City Engineer Waud, City Attorney Orr, and the members of the Board of City Trustees were present at the meeting of the Board of Supervisors to see whether some agreement could not be reached between the city and county officials that would be mutually satisfactory, and at the same time provide for the construction of the bridge this year.

"Mr. Orr stated the objection of the city authorities to the bridge with sixty-foot waterways between the piers, and after it had been ascertained that there was no way to amend the specifications after the bids had been opened, bids for that structure were rejected. The supervisors and the town authorities then got together for a consultation and it was agreed that either a concrete arch bridge with 120 and 130 foot spans, or a steel girder bridge would be satisfactory all around.

"This agreement being reached, Deputy Surveyor Pettit was instructed to go ahead and prepare the plans, with the help of the Los Angeles bridge engineer, Mr. Thomas, for the concrete arch bridge. This is a very beautiful structure and will make a most creditable bit of work from the Supervisors and be a landmark on the Camino Real between Los Angeles and San Francisco. While, if after all it shall be found that the concrete bridge cannot be built for the money available, the Board will have the alternative of the steel bridge

WORKMEN STRIKE FOR HIGHER WAGE

CABINET MEETING OF THE Y. M. C. A.

Fullerton Tribune.—Pouring of cement on the foundation of the Fullerton Union High school was temporarily suspended Monday when the workmen struck for higher wages.

The men had been paid \$2 a day but there was some dissatisfaction among the crew with the wage scale and a number of them quit. The concrete mixer was shut down under orders from the general contractor, Mr. Congdon of Los Angeles.

Tuesday morning's train brought down from the city about twenty-five or thirty colored laborers to work on the job, which appears to have been the solution reached by the contractor.

The general contractor is under bond to finish seven of the buildings in time for opening of school this fall. The foundations for the six class rooms have been finished.

The forms are about complete for the big study hall in the center of the site. Work of excavating the trenches for the foundation for the auditorium is going ahead.

Brick is on the ground for the erection of the walls of the class rooms, which work is to be started this week.

The first regular cabinet meeting of the local Y. M. C. A. was held last evening at the First Presbyterian church. Those present were: L. Gall, L. Pearson, H. Henshaw, R. J. Hamilton, A. Anderson, J. Ostborn, M. Warren, C. Baker, H. Warne and R. Miles. In the absence of the president, who is on a trip to Europe, the meeting was called to order by Vice-president Louis Gall at 7 o'clock. The minutes of the special meeting held on May 1st were read and approved.

The chairman of the athletic committee gave his report and stated that the committee has arranged a regular baseball schedule. Much interest is already being shown in these games, as was proved by the turnout of "fans" on Monday evening to witness the first of the series. A motion was made and seconded that the chairman of the athletic committee be instructed to purchase one dozen baseballs for use in the games. Carried.

The report of the social committee was read and accepted. It was stated that the committee has arranged a members' camp-fire and social to be held on Wednesday evening, May 22nd, on the French street athletic grounds. It was carried that no individual or organization has the authority to use the name Y. M. C. A. as giving an affair under the auspices of the Y. M. C. A. without the consent of the cabinet. The resignation of Harry Warne as chairman of the social committee was read by Recording Secretary Pearson. A motion was made by Martin Warren and seconded by R. Miles that the cabinet accept the resignation, and A. Anderson was elected to succeed H. Warne. Carried.

PROGRESSIVEISM "MAKES GOOD"

The Register is not going to do any crowing over the result of yesterday's election, but naturally it feels gratified. This paper believes the cause of Progressive Republicanism to be a good cause, and it has served that cause to the best of its ability. Its service is based entirely upon its belief in the righteousness of the cause.

The editor of the Register is not seeking public office of any kind, either for himself or anyone else. This is true of nine out of every ten men in California who are giving their time and money and talents to this public service; and we believe the phenomenal success of the cause is largely due to this fact.

Progressive Republicanism has absolutely "made good" in California. It has the confidence of the people because it deserves confidence. Its success is cumulative. At each election the vote for the cause increases. Gov. Johnson's victory in 1910 was great, the victory for the Progressive constitutional amendments was greater and Theodore Roosevelt's victory is greatest.

The Register is duly proud and thankful that it has had a part in the great work.

BELGIAN CONGRESS CLOSED
General Election on June 2—Bitter Contest Between Clericals and the Liberals

BRUSSELS, May 15.—The Chamber of Deputies dissolved yesterday by royal decree and a general election convoked for June 2.

It is expected the liberals will combine with the Socialists against the clericals and the fight promises to be bitter. The chief demand of the liberals and Socialists is for unrestricted suffrage and obligatory education.

NEW SANTA FE HOSPITAL
Thousands Mechanics Employed in San Bernardino to Be Cared For in Accident Cases

SAN BERNARDINO, May 15.—A new Santa Fe shop hospital was formally opened at the railroad's big plant in this city yesterday. Hereafter the thousand mechanics employed there will be given immediate surgical attention in case of accident.

A nurse will be constantly on duty and will give first aid to the injured until the railway surgeon can reach the shops.

CORCORAN DAIRY INTERESTS
April Returns Were \$25,000 for Butterfat—Products Sold in Los Angeles

CORCORAN, May 15.—The dairy industry in the Corcoran district is growing by leaps and bounds and the returns for April show that 65,089 pounds of butterfat were handled by the local company during that month. This will bring the dairymen in the neighborhood of \$25,000, and is nearly double the amount of business transacted during the same period last year. The product of the local creamery is nearly all sold in the Los Angeles market in the form of sweet cream and condensed milk, and if it were all made into butter it would make nearly a ton and a half of butter daily.

U. S. ARMY BAKERY EXCITES INTEREST

20,000 Loaves of Bread Turned Out Daily at Division Bakery at San Antonio, Tex.

EL PASO, Tex., May 15.—No feature of the United States manoeuvre camp at San Antonio has attracted more attention than the division bakery. The bakery turned out 20,000 two-pound loaves daily.

This was the first time that the bakery was called on to feed a division of regulars, and performed the task without half trying. Captain L. R. Holbrook of the Fifth Cavalry, and Commissary Sergeant "Pat" Dunne invented the bakery and patented it, and then let the war department have the use of it for nothing.

Ovens and accessories are designed to fit into one wagon without exceeding the 6000-pound limit. The ovens are built of sheet iron and asbestos. Certain parts of the ovens are collapsible, and with other accessories, may be packed within the actual baking chambers.

FINE SCHOOL BUILT ON THE OLD SITE OF OCCIDENTAL

LOS ANGELES, May 15.—On the old site of the Occidental College has been erected recently and is now being used, a substantial brick schoolhouse of the Tudor Gothic style, which it is believed will gain favor in Southern California for its substantial form and convenient arrangement.

The building is on a site of four and one-half acres, and is known as Belvedere school No. 2.

TEXAS OIL MEN HAVE ARRIVED AT THE BREA FIELD

Los Angeles Times: W. T. Arnett and J. Holmes have arrived in the Brea Canyon region from the Texas fields, the former for the purpose of taking charge of the rotary drilling operations of the Delaware Union Oil Company. The latter will assist him. Arnett, after looking over formation and conditions in the Brea Canyon, is credited with saying that the rotary under proper handling will prove entirely successful there.

Arnett has had a number of years' experience in other fields in handling the rotary and says he has had no trouble in overcoming difficulties similar to those expected to be encountered in Brea Canyon.

TITANIC WIDOW SUES WHITE STAR COMPANY FOR \$100,000

NEW YORK, May 15.—Mrs. Esther Olsen, of No. 400 Suydam street, Brooklyn, secured from Surrogate Ketcham, letters of administration for the estate of her husband, Arthur, with the purpose of filing suit for \$100,000 against the White Star Company, for his death in the wreck of the Titanic.

Olsen was a second cabin passenger on the Titanic, returning with his nine-year-old son, Arthur, from Norway. When the lifeboats were lowered, Olsen, according to the story of several survivors, placed his son in one of the life boats, saw him rowed away from the foundering liner, and then jumped into the sea.

AMUSEMENTS

Henrietta Crosman will have a good, long rest this summer and will not need to worry about the production of a new play for next season, because she intends to continue "The Real Thing" for another season at least. With the end of the present theatrical year, Miss Crosman will have played "The Real Thing" for a year and will have appeared in it only in New York City and the South and far West. This leaves all the middle West and Eastern cities for next year. She will be seen at the Grand Opera House, Monday, May 20.

Zigomar at the Temple

Zigomar, the famous French out-lay, defying the entire police and detective forces of Paris and the whole of France, for years, though many times in their power and prison, would escape, in ways that seemed to have had a charmed life. Zigomar's many thrilling escapes from the traps laid for him all go to make the most sensational detective story ever put in motion pictures, and it has all occurred in real life, though it seems like fiction. This Big Production will be shown in three parts. Three thousand feet, fifty scenes, lasting one hour, at the Temple Theater, tonight (Wednesday), Thursday and Friday evenings. Two shows, 7:30 and 9 p.m. Prices: Balcony, 10 cents; main floor, 15 cents. Zigomar at Temple Theater only.

They Are at the Mirror

Nobody would class the two Abernathy boys, Temple and Louie, as mollycoddle milksoop or sissy boys, but in fact there are not two other boys of their age that are huskier, manlier in the country that these remarkable little fellows, from the Oklahoma prairies.

They have broken records galore for long-distance horseback riding; their ride was all made alone and unguided.

When one of the boys was but ten and the other five, they rode from the plains of Oklahoma to New York on horseback to meet Colonel Roosevelt on his return home from Africa. The little fellows are great admirers of "Teddy."

Their biggest and longest ride was across the United States from the Atlantic to the Pacific in 62 days, missing a prize of \$10,000 by two days.

Bright, manly little fellows, they are appearing as a feature at the Mirror Theater and are as lively as crickets, full of fun and are explaining their travels in every detail on their horses, and moving pictures of their travels.

In the pictures it shows the boys saying their prayers each night before retiring to their beds of saddles for pillows and horse blankets. They have always said their prayers at night and have never traveled on Sunday.

Tonight is the last chance to see these many little fellows lecture on their horseback travel. There will be two shows.

BEEF AT HIGHEST PRICE IN 31 YEARS

Carcasses Bring 15c a Pound and Rise is Probable; Many Small Butchers Will Quit

NEW YORK, May 15.—The wholesale price of beef made a new record this week, reaching the highest point in 31 years. Beef by the carcass was quoted at 13 cents a pound, an increase over last year of one cent, and the prospects are that it will go higher.

Button, lamb and pork are also at the top notch figure, and poultry is higher than last year. So high have the prices gone that retail butchers say if they continue six weeks many will have to quit business. With the coming hot weather, the additional expenses for ice and the loss in meat because of close trimming where it has become soft, the margin of profit will be too small for many of them to survive.

The reasons given by the packers is the scarcity of good cattle and the high cost of feeding stock.

AMERICAN WOMEN AT ENGLISH COURT

Brilliant Costumes of Uncle Sam's Daughters Shone at Fourth Court of Season

LONDON, May 15.—King George and Queen Mary held the fourth court of the season at Buckingham Palace last night, a brilliant company passing before their majesties from half past nine until midnight. The dresses worn were mostly richly embroidered and much gold and silver brocade was observed.

Among the American women presented were Mrs. Elmer Black of New York, E. D. Kenna, Mrs. Charles E. Hillier, Miss Marie Louise Hillier, Miss Isabel McLaughlin, Miss Louis Harcourt, Mrs. Whitelaw Reid, the Countess of Suffolk, nee Miss Lester of Washington, and her sister, Mrs. Colin Campbell. Their costumes were brilliant and added greatly to the scene of magnificence.

In the pictures it shows the boys saying their prayers each night before retiring to their beds of saddles for pillows and horse blankets. They have always said their prayers at night and have never traveled on Sunday.

PLEASED WITH FOREST HEAD

Leck Says Wheeler Will do What He Can to Help Build Mountain Road

Supervisor Leck has returned from San Diego where he went to interview Forest Supervisor Wheeler in regard to the possibilities of getting an appropriation from the forest service toward the building of a road up Seviers' canyon.

Leck found that Wheeler is thoroughly alive to forest conditions in Orange county, and is anxious to cooperate in doing any needed work to lessen the danger from fires. Wheeler stated that by the time the supervisors meet the first of June, he will be able to say whether or not and how much the forest service can give toward the Seviers canyon road.

At the present time the project for a telephone line from Forest Ranger Stephenson's station at El Toro to the top of Santiago Peak, one of the peaks of Old Saddleback, is well under way. The forest men are to clear mountain trails of brush.

"I was pleased to find that Forest Supervisor Wheeler is thoroughly wide-awake," said Leck. "He has been over some of our trails and understands the situation here by personal observation as well as through reports received by him. He is more than willing to do his share in any co-operative plan for the betterment of the protection of the watershed."

TRIPLE CELEBRATION

Birthdays of G.A.R. Veteran, Two of His Grandchildren Merrily Observed

As Ruth Langley was seven years old today and her brother, Jack, will be six next week, their mother, Mrs. C. C. Langley, decided to celebrate both events at the same time, and today entertained a number of their friends at their home on F street. Ruth and Jack's grandfather, Judge E. T. Langley, will also have a birthday next week, so he was an honored guest at the party and led in the drills and patriotic games which were played on the lawn. Having been an old soldier, the white-haired grandfather made an impressive leader in the Memorial day exercises.

Refreshments were served in the dining room, the long table being prettily decorated in pink and white. A bowl of Duchesse roses graced the center of the table and the cakes and ice cream were delicately tinted with pink. Small American flags were the favors, and pink May baskets filled with home-made candy marked covers for the honorees, Ruth and Jack Langley, Judge E. T. Langley, Miss Linda Paul, Josephine and Constance Crookshank, Ronald Crookshank, Margaret Cubbon, Eleanor Embree, Tommy Hill, Carl Craemer, Jean Smith, Ruth Smith, Mabel and Francis Harvey, Wendell Bell, Ruth Thomas, Bobby Lentz, George Preble, Bertha Beals, Marjory Kittle, Alfred Miller, Dorothy Pease, Clara Perkins, Laurence Houston.

The regular meeting of the Philathaea class of the First Presbyterian church was held last evening at the church parlors. After the business of the meeting was transacted a "spread" was indulged in by the twenty-five members who were in attendance. THE TELEPHONE GIRL

The Telephone Girl sits still in her chair And listens to voices from everywhere; She hears all the gossip, she hears all the news, who has the blues; She knows all our sorrows, she knows all our joys. She knows every girl that is chasing the boys.

She knows of our troubles, she knows every man that talks mean to his wife; She knows every time that we are out with the boys, She hears the excuses each fellow employs. She knows every woman that has a dark past. She knows every man that's inclined to be fast. In fact there's a secret 'neath each saucy curl Of that quiet, dream-looking Telephone Girl.

If the Telephone Girl would tell what she knows it would turn half our friends into bitterest foes;

She would sow a small wind that would soon be a gale, Engulf us in trouble or land us in jail.

She would let go a story which, gaining in force, Would cause half our wives to sue for divorce.

She could get all the churches mixed up in a fight; Turn all our days into sorrowing nights.

In fact she could keep the whole world in a stew If she told a tenth part of the things that she knew.

Oh, brother, now does not your head whirl When you think what you owe the Telephone Girl?

FOR BEREAN CLASS

Social Evening Enjoyed by New Organization at Home of W. A. Zimmerman

The W. A. Zimmerman home on North Main street was a scene of merriment last evening when the Berean class which has lately been formed in the Presbyterian church and its teacher, Mrs. Paul Stevens were entertained. Rev. and Mrs. Stevenson were honored guests of the evening.

The house decorations attractively carried out the class colors of white and green with white roses, marigolds and ferns. A social evening was passed with games and music, dainty refreshments being served by the hostess.

There were about thirty-five people present to enjoy the pleasures of last night's event. Mr. and Mrs. Zimmerman are becoming well known as successful entertainers and any event at their home is hailed with pleasure. —O—

Dinner for Miss Wilson

A jolly little dinner was given Tuesday evening by Miss Helen Neff in honor of Miss Sallie Wilson of Arizona. The color scheme was yellow and was used in the decorations and dinner with hand-painted place cards. The girls, after the afternoon's fun, spent the evening at the theater.

FLOWER MISSION DAY

W.C.T.U. Held Splendid Meeting at Home of Mrs. Stevenson—Flowers For Sick

The W. C. T. U. held a beautiful meeting yesterday at the home of Mrs. J. A. Stevenson, 1016 Broadway, when the Flower Mission Day was celebrated. The parlors of the Stevenson home were filled with members and friends of the union who enjoyed an excellent program. The meeting was opened by Mrs. Jessie Burns singing "Some Glad Day" and all joining in the chorus. Mrs. W. T. Mitchell led the devotional service. By request Mrs. Winblinger sang "What's Done for God Can Never Die," Mrs. Dr. Raugh accompanying. Mrs. Elizabeth Davis, the newly appointed Flower Mission superintendent, told of the origin of this department of work which has brought blessings to thousands of homes. Mrs. Davis also conducted a catechism that was helpful to all. Some sketches of Mrs. Laura T. Carter, the State superintendent of this department were read. Mrs. Carter has been confined to her home in Los Angeles by illness for the past year, and as a sympathetic courtesy the union voted to send a beautiful bouquet of flowers and a letter of greeting in honor of her birthday, occurring this month.

Roxanna McPhee gave a Flower Mission recitation after which the program closed by all present singing the Flower Mission song set to the tune of "Onward, Christian Soldiers."

For the past three weeks the superintendent of this department has been sending boxes of flowers to headquarters in Los Angeles to be distributed. These flowers are greatly appreciated by those who have no flowers, of whom there are many in the city.

All members and friends of this union are asked to please remember to send flowers to Mrs. Davis by 9:30 a. m. each Friday morning, especially. Sweetpeas, carnations or such flowers as keep well. This is a beautiful work and all are asked to aid in sending these messages of love to cheer and brighten the lonely ones in the city.

As some of the inmates of the rooming house recently burned in this city, have lost all their belongings, a call is made for dishes, bed clothing and anything for house-keeping, especially for a colored man and his wife. Further information regarding this family can be had from Mrs. W. H. Thomas, 125 West First. Home phone, 246.

Notices of the prohibition meeting to be held in Spurgeon's Hall on Friday, May 17, were given out and all W. C. T. U. members are urged to attend this meeting. The State convention of the W. C. T. U. meets in San Diego June 3, 4, 5, 6. Delegates were elected to attend this convention as follows:

Mesdames, John Mitchell, T. B. Elliott, Anna Gale, Elizabeth Davis, Nora Davies, A. H. Nickell, W. T. Mitchell.

Alternates: Mesdames J. A. Stevenson, L. A. White, A. C. Darling, E. L. Stroope, F. H. McElree, Anna Pendleton, Miss Sarah Finley.

Delegates by virtue of office: Mesdames Viola Norman, W. B. Tedford, Lea Warren, Belle Rogers, J. E. Kellogg, J. H. Scott, Miss Anna Hill.

There were many beautiful bouquets with suitable texts and verses, taken out to sick and shut-ins, to the Santa Ana Hospital, the county hospital and the Day Nursery. Mrs. Davis was assisted by Mrs. John Mitchell, Miss Anna Walker and Mrs. E. L. Stroope. The next meeting will be held at the home of Mrs. S. M. Davis, 1225 French street.

The anniversary of the Epworth League was celebrated at the Methodist church Sunday evening. The church was decorated in the league colors, red and white, and special music was furnished by the Baraca quartet. W. M. Fishback delivered the address of the evening on "Service." Reports from the various departments were read, showing that the work done in the past year is the best in several years. The Mercy and Help department have made one-fifth of the total number of calls made by the fifty leagues in this district. In the devotional meeting preceding the anniversary meeting, Miss Flossie Pierson gave an excellent report of the convention at Riverside, to which she was a delegate.

**FREE TEXT BOOKS
TO SAVE \$250,000**

Mark Keppel Explains Benefits
to State Under Teachers'
Association Amendment

LOS ANGELES, May 15.—According to a statement issued by Mark Keppel, county superintendent of schools and president of the California Teachers' Association, the association amendment for free text books for both grammar and high schools will save the people of California \$200,000 annually. Under the Sherman amendment he says the people will be saved only \$150,000 annually.

"Under the present system," says Keppel, "the people of the state spend \$250,000 annually. Under the Sherman amendment goes to the store and buys a book for \$1.50, and after he gets through using it he takes it to a second-hand book store and receives about 20 cents for it. The next child will buy the book for about 80 cents, 60 cents going into the pocket of the dealer instead of remaining with the people where it belongs. After that child gets through with the book he again takes it to the store and receives 10 cents for it. The book dealer sells it for 60 cents, again making 50 cents that could just as well be saved.

"But by this time the book is worn out by the triple handling besides the several people who come into the store to look at it. This makes the life of a book at present about two years.

Schools to Guard Books

"Under the teachers' amendment the books will be passed out at the school and the children will be taught how to care for them. In this manner the books will have longer life—from about five to seven years.

"But under free text books, as the teachers' amendment provides, there will be competitive bids and the books will be secured at much lower rates and thus there will be a great deal of saving.

"A great deal of time will also be saved. At present when a new term starts the teacher has to make out a new list of books, then get after the pupils for three weeks to buy their books.

Middle Man on Job

"They say that there would be a need for a middle man. The middle man is already here. He is the book company himself. When we secure a number of books we can have the book companies deliver them to the schools without any more trouble, the time the teachers spend in making out lists for books can be put in distributing them to classes.

"The warehouses the Boards of Education keep for supplies will be unnecessary then.

"The California Teachers' Association amendment will save \$250,000, because it gives text-books to both grammar and high schools. The Sherman amendment will save the people only \$150,000, because it provides text-books for only grammar schools."

A REAL FAIRYLAND

right here in Southern California Picturesque and beautiful! A play-ground grand enough for the gods. Eighteen thousand level acres as fertile and productive as the sun ever shone on, and every foot under a high state of cultivation. Great apricot, peach, walnut, pear and orange orchards—miles of the best alfalfa fields in the state. The soil is easy to work, just like one big mellow garden.

Water, literally oceans of it, and you never tasted such water in your life. It's fit to be bottled and sold by the pint and quart. This pure, sparkling elixir of good health is already piped by a network of underground conduits all over the country, and at a price below any in the state. Likewise, these lands, together with the water, are being sold for just one-half what is asked for other lands that in any way approach them in productivity, and right under the wing of Los Angeles. To live on a ranch in this valley is like ranching in a city. In fact, our most distant acre is but a suburb to one of the prettiest, as well as the most quaint and homelike, little cities in the whole of Southern California, the City of San Jacinto. Its citizens are hospitable to a fault. You are scarcely in the valley a day till you feel acquainted with everyone in truth, you cannot find a more de-

Los Angeles Produce Market

EGGS declined 1 cent all around. Poultry was weak in spots and broilers declined to 25 cents as a bottom price, the top remaining the same as the former quotation of 30 cents. Imperial onions were quoted at \$1.75 and \$2.00 a sack, making a wider range of account of growing receipts.

Cherries were scarce and advanced to \$1.50 a ten-pound box and to 12½ and 17½ cents a pound in bulk. The receipts of the market were estimated at 100 boxes, the smallest amount for long.

Apples moved rapidly, there being an unusually good demand for them. For this reason it is now believed the market will be cleaned up in fine shape for the new crop.

All fruit was in demand, but every thing was more or less plentiful except cherries. Raspberries sold on the street at 10 and 15 cents a basket, strawberries at 4 to 6 cents and dewberries at 7 and 12 cents a basket. Black Tartarian cherries were in market, being practically the first of the season.

Green vegetables were plentiful, except green asparagus. Business was exceptionally good in all lines of produce. Receipts were normal: Eggs, 62¢ cases; butter, 65¢ pounds; cheese, 43¢ pounds; potatoes, 312 sacks; sweet potatoes, 33 sacks.

DOMONIA IMPROVES PARK

Spends \$30,000 in Beautifying the Ganesha Park Within the Past Year

POMONA, May 15.—A municipal cafe and emergency hospital is being erected at Ganesha Park by the city officials, and will be completed by June 1. More than \$30,000 has been expended in beautifying the park within the past year.

A new electric lighting system, with all wires underground, is among the improvements, and rustic bridges, driveways and additional shrubbery have been put by Park Superintendent J. M. Paige to add to the natural charms of the city's playground.

LEGAL NOTICES

PROPOSALS FOR SCHOOL BONDS

Sealed proposals for the purchase of School Bonds in the sum of Ten Thousand (\$10,000.00) Dollars or any portion thereof of Ocean View School District of Orange County, California.

Submitted by the Board of Supervisors of Orange County up to 11 a. m. of Tuesday, May 19, 1912.

Each of said bonds shall be dated June 1, 1912, and shall be interest free for a period of five (5) per cent per annum payable semi-annually; said principal and interest to be payable at the office of the Treasurer of Orange County, California.

Number of One Thousand (\$1,000.00) Dollars each payable as follows, to-wit:

Bond No. 1, \$1,000.00 payable June 1, 1912.

Bond No. 2, \$1,000.00 payable June 1, 1913.

Bond No. 3, \$1,000.00 payable June 1, 1914.

Bond No. 4, \$1,000.00 payable June 1, 1915.

Bond No. 5, \$1,000.00 payable June 1, 1916.

Bond No. 6, \$1,000.00 payable June 1, 1917.

Bond No. 7, \$1,000.00 payable June 1, 1918.

Bond No. 8, \$1,000.00 payable June 1, 1919.

Bond No. 9, \$1,000.00 payable June 1, 1920.

Bond No. 10, \$1,000.00 payable June 1, 1921.

The purposes for which said bonds were voted were and are for the purpose of the payment of money for public school lots, for building one or more school buildings, for insuring school buildings, for supplying school buildings with furniture or necessary apparatus and for improving or repairing same.

The bonds will be sold for cash only, and at not less than par and accrued interest.

A certified or cashier's check payable to the order of the Chairman of the Board of Supervisors in the sum of three (3) per cent of the amount of said bonds, or of the portion thereof bid for, must accompany each bid. Said Board reserves the right to reject any bid.

The total valuation of taxable property within the Ocean View School District in said county for the year 1911 is \$32,440.00 exclusive of operative property, and the outstanding bonded indebtedness is none.

On the other hand, the Board of Supervisors of Orange County, California made May 19, 1912.

W. B. WILLIAMS,
County Clerk and ex-officio Clerk of the Board of Supervisors.

WATERED MILK COST HIM \$25

Dairyman is Arrested on Complaint of Deputy Pure Food Inspector

William E. Gleason, a dairyman who has a ranch and ten dairy cows on the Pacific Electric, northwest of Garden Grove, paid a fine of \$25 to Justice Cox this morning. Gleason was charged with the adulteration of milk. In short, he was charged with "watering" the milk.

The complaint was sworn to on May 6 by Ray Hasson, a state deputy pure food inspector. Hasson bought some milk from Gleason.

VETERANS HEAR LAST CALL AT SOLDIERS' HOME

SOLDIERS' HOME, May 15.—Captain Robert W. Bradley, for many years a practicing physician in Peoria, Ill., died here yesterday. He served in the Civil War as captain of a company in the Sixth Illinois cavalry. A sister survives him at Peoria. Funeral services are set for this afternoon.

Services will be held today for John A. Galleher, veteran of the First Colorado, who died Monday. He was sixty-seven years old and leaves a daughter in Los Angeles.

ALFALFA CROP RECORD

Rancher at Corcoran Gets 60 Tons of Hay From 28½ Acres of Three-Year Old Field

CORCORAN, May 15.—E. N. Johnson has just harvested the best crop of alfalfa hay ever produced in this section. The field contains about 26½ acres and has been seeded three years. Johnson has cut out the first crop of hay for this season. The hay weighed 59 tons, 755 pounds, and the price realized here was \$11 per ton. Mr. Johnson has cut so far this season a total of 73 acres of alfalfa, securing about 140 tons of cured hay.

FORENSIC CONTEST AT ANAHEIM, MAY 18

Orange County High Schools

Complete For Forensic

Laurels

(High School Communication)

On Saturday, May 18, at Anaheim, occurs the Orange County Forensic Contest. This will be worth hearing, as all the high schools in the county participate. The Freshmen have the declaimations; the Sophomores, original stories; the Juniors, essays, and Seniors, orations. This means that Santa Ana High School will have four representatives, one from each class. Those representing Santa Ana are: Vere Robinson, from the Freshman class; Doris Wells, from the Sophomore; Dorothy Seccombe from the Junior and Halsey Lamme from the Senior class.

These are all able representatives and are likely to win four first places. They cannot do it, however, without the support of the students of the Santa Ana High School and the support of the citizens. It is up to all to boost such an event as this, as it will be an honor to win in such a contest not only to the school, but a matter of pride to every citizen of Santa Ana. It means something.

Tell everybody you see about it, and get a good crowd out from
